

VISION · VALUES · STRATEGY

The three questions that decide your direction.

Vision — where you truly want to go.

Values — what you hold to when things get hard.

Strategy — how the two become a path you can walk.

9 chapters, 4 workshops, the 6-week program. Self-assessments, case studies, and the strategies of historical masters. Space to write on every page.

No pathos. No platitudes. A mirror — sometimes uncomfortable, always honest. The answers belong to you.
